VAIS 2015 BUSINESS OFFICERS INSTITUTE
April 9 – 10, 2015
Session Outline

• Governing law and Government Audits

• Exemption Classifications

• Independent Contractor

• Methods for Changing Status
Governing Law

• Fair Labor Standards Act (FLSA)
  – Federal law
  – State law may be similar, more restrictive, less restrictive, or non-existent
  – Enforced by the Department of Labor
  – Audits of employers based on
    • Industry
    • Complaint
    • National DOL Attention
Audits

- Both Federal and state department of labor can conduct audits.
- Generated by:
  - Complaint – usually look at more than just complainant
  - Industry focus
  - Random selection
- Can look at FMLA compliance, I-9 documents, exemption classification, calculation of pay, tracking of hours, etc.
- May notify other agencies if concerns: OSHA, IRS etc.
- Appear at door asking for records: Suggest you need time to compile and set another meeting.
- Appear cooperative but do not over share
  - Attempt to determine why they are visiting
  - May or may not tell you
Exemption Overview

- Employees covered by FLSA unless qualify under “exemption” category
  - **Non-Exempt** = *Not* exempt from overtime & other requirements
  - **Exempt** = Exempt from overtime & other requirements

- Non-Exempt (covered by the FLSA rules)
  - Compensated at minimum wage for all hours *worked*
  - Overtime for all hours *worked* over 40 in a workweek
  - Overtime calculated at regular rate of pay (not necessarily hourly rate)

- Exempt (not covered by the FLSA rules on overtime)
  - Qualifies under exemption category
    - Executive, Administrative, Administrative in Educational Establishments or Professional
  - Paid on salary basis

- Independent contractor not covered by FLSA
Non-Exempt Employees

- Employer must track hours worked by non-exempt employee
  - Risk assessment – how much risk for how much benefit
  - Clock, employee recording on paper, employee recording on computer, sign in & out at front desk, assume base work hours and notify employer when work more or less than base work hours

- Non exempt paid on hourly rate
  - # of hours worked times hourly rate
  - Can set “fixed” rate per week based on established work week and add overtime payment for hours over 40
  - Salary overtime eligible employee vs. hourly employee

- Overtime paid at 1 ½ times regular rate of pay
  - “work” doesn’t include paid leave
  - Regular rate = total remuneration for employment earned in the workweek (number of hours worked times hourly rate + any non discretionary payment) divided by the total number of hours worked by the employee in the workweek
Three Part Test For Exemption

• Salary Level
  – Paid at the minimum rate of $455/week

• Salary Basis
  – Paid the same amount each week regardless of the # of hours worked
    • Limited ability to dock in hour increments

• Job Duties

    • Executive, Administrative, Administrative in Educational Establishments or Professional
  – Actual duties performed by the employee
    • Not just as described in the job description
Salary Level & Salary Basis

• Salary Level
  – Paid at the minimum rate of $455/week

• Salary Basis
  – Pre-determined amount of compensation each pay period
  – Cannot be reduced based on quality/quantity of work
  – Must receive full salary if any work performed
    • regardless of the number of days or hours worked
    • FMLA exemption: Based on hours if intermittent leave
    • can use paid vacation or sick leave (whole days vs hours)

• Docking allowed in whole days if:
  • Voluntarily absent for personal reasons (trip with husband)
  • Used up sick and vacation leave
  • Disciplinary suspension
  • Major safety violations

• Teachers Not Subject to Salary Basis Pay
  – Allowed to dock in hour increments
Go Back To Your School and Check

DO YOU HAVE AN EXEMPT EMPLOYEE ON YOUR PAYROLL THAT HAD THEIR PAY DOCKED IN HOUR INCREMENTS?
Job Duties Considered in Exemption Qualification

- Review of job duties when determining qualification for exemption category
- Actual job duties and responsibilities performed by employee
- Factors also considered
  - Job title
    - Can hurt but not necessarily help
  - Job description
    - Make sure the person actually performs this work
- Review regularly since responsibilities change
- Performance of employee may allow one employee but not another to qualify as exempt
  - Two employees holding the same job title may assume different amounts of responsibility
Go Back To Your School and Check

  – Combination of above

• Does NOT include:
  – Manufacture or repair of hardware and equipment

Independent Contractors Factors Considered

- IRS looks at degree of control and independence based on three categories:
  - **Behavioral**: Does the school control or have the right to control what the worker does and how the worker does his or her job?
    - How is IC evaluated?
  - **Financial**: Are business aspects of IC’s job controlled by the school?
    - How is IC paid, what expenses are reimbursed, who provides tools/supplies, who provides insurance?
    - Opportunity for profit and loss
  - **Type of relationship**: Are there written contracts or employee type benefits?
    - Pension plan, insurance, vacation pay, etc.?
    - Will the relationship continue and is the work performed a key aspect of the business?
    - Can worker perform this work for other schools?

- Weigh all factors – no magic “number” of factors

- Documents: agreement, job description, other documentation of factors used in coming up with the determination
Consequences of Treating Employee as Independent Contractor

- Payment of wages, benefits, overtime compensation
- Tax liability
- Failure to allow participation in deferred compensation plan
- Insurance treatment (workers comp., unemployment)
- Liability Coverage
- Legal Exposure for Failure to properly classify
  - Increase in cases filed
Positions to Consider

- Coaches – teachers? coach elsewhere?
- Substitutes – day rates? substitute for other schools?
- Counselors – have own practice?
- Psychometrists (testers) – have own practice?
- Tutors – work for other schools/parents?
- Other specialists (coordinator of play, after school programs, )
Changing From Exempt to Non-Exempt

- Employees often “offended”
  - perceived as “unprofessional”
  - tracking time is often the issue
- Cost Benefit Analysis
  - law requires overtime payment to non-exempt employees
  - employees upset if status changed
  - financial liability for failing to compensate overtime
  - liability for cost of non-payment vs. employee morale
- Challenges
  - Retroactive or only going forward
  - Employees question why not retroactive
  - Great unhappiness
- Strategies for Change
  - Identify other changes planned (benefits, handbooks)
  - Roll out as one package
  - Sell as a positive
  - Consider using “overtime eligible” and “overtime not-eligible”
